Joining the Federated Garden Club of Maryland, Inc.'s Group Exemption from federal income tax:

FGCMD member clubs must choose whether or not to join in FGCMD's Group Exemption from federal income tax. Federal income tax exemption is a significant benefit of membership, but it is voluntary and it is not automatic. A Group Exemption Election form to establish the club's preference in joining will be provided to the club president upon declaration of membership. Completion of the form is required, regardless of preference regarding the group exemption.

Clubs wishing to be included in FGCMD's Group Exemption must provide a description of club activities and a financial report when returning the Election form. In addition, Articles of Affiliation are required; these will be provided with the Group Exemption Election form for review and completion by the new member club.

A word about club bylaws:

Club bylaws should include the club name and general location, and purpose, membership, dues, meeting, voting, general governance and amendment information. Club bylaws need not be in the same format nor contain all provisions of the bylaws of FGCMD, but club bylaws must not conflict those of with FGCMD. For reference, the FGCMD bylaws are printed in the biennial 'Green Directory'.

If your club intends to join in the FGCMD Group Exemption from federal income tax, please be aware that your bylaws must contain specific language to meet purpose, inurement, lobbying, 'notwithstanding' and dissolution clauses required by IRS for 501(c)(3) exempt organizations.

* For existing member clubs writing letters to propose or to second a proposal for membership, please reference the date on which the applicant club was organized or first met and the club's location in Maryland.

Letters to propose or to second proposal should be mailed directly to the FGCMD Corresponding Secretary.

** 'Certified' means being signed and dated by two club officers.
